Attitude of St. Louis Relief Committee on Outside Assistance.

St. Louis, June 2.-A sharp disagreement has arisen among the different members of the relief committee. Many desire to ask outside assistance while others oppose it.

At a meeting of the executive committee of the relief committee held yesterday, much of the time was given over to a discussion of the misunderstanding that has gone abroad concerning the attitude of the committee on the subject of outside re-lief. A statement for the press will be prepared which will endeavor to show the gentlemen who called the meeting for today that at no time has any outside assistance been refused when it was offered, but they will strenuously oppose the issuance of any appeal from the city to the outside world for help. Mr. Spencer, president of the Merchant Exchange, said: "St. Louis cannot afford to go on record as begging for funds. We have nearly \$112,000 invested already and it may get to \$200,000. Long before that time we will have matters in shape to know approximately how much we will need. If it becomes necessary to call for assistance from the outside we will do it, but the necessity is not now apparent."

Official List of Dead.

The loss of life in East St. Louis, which has been generally excessively estimated, has assumed far less serious proportion as the days have passed. Instead of being nearly 200 as is claimed by many the list of dead numbers 100 identified, with two-a man and a woman-unknown. In addition to this, one man is missing and eight are so seriously injured that they will probably

The known list of dead in St. Louis foots up 141 names, all of these bodies having been recovered. Besides this it is known that 13 other persons have been killed in the storm, eight in the river whose names are known, and five within this city whose names are unknown. None of these bodies have been recovered. Of the 141 dead bodies recovered in this city but one remains un-

OREGON LEGISLATURE.

Indications Are That It Will Be Largely Republican.

PORTLAND, Or., June 2.—Returns from the elections held in Oregon yesterday are coming in slowly. From present appearances the legislature will be Republican by a large majority. The Republicans have 12 hold-over senators in the legislature, the Populists two and the Democrats one. The Republicans, therefore, will have to elect only four senators out of 18 in order to have a ma-jority in the senate. The state central committee claims five out of the 18, leaving only six senators to the Populists and Democrats out of a total of 30. In the last house the Democrats were not represented and the Populists had only four members out of 60.

WANT OPINION OF WORKMEN.

Carlisle's Immigration Committee Sounding Gas Belt Laborers.

Why, ex-president of the Amalgamated Association of Iron and Steel Workers, is making investigations in the Indiana gas belt laboring circles for the comess of the plates used in making mittee composed of Herman Stumpf, commissioner of immigration; Dr. J. H. Senner, commissioner of New York. and E. F. McSweeney, appointed by Secretary Carlisle to gather data and frame more restrictive immigration laws. Why was seen and he said the laboring classes as a rule did not advocate a prohibitory immigration law altogether. They did want one more restrictive, however, and one that would keep out the Italian, Hungarian and Slav and put all others under more restrictive requirements. The new bill which will be the result of these investigations will probably prohibit the admission of Italians, Slavs and Hungarians.

Mexican Papers Advise the Spainards to Keep Quiet.

SPANISH EDITOR CHALLENGED.

Spaniards Reminded That Mexico Is No Longer a Spanish Colony-Officer In Mexico Endeavoring to Recruit Volunteers For Havana-Yellow Fever at Vera Cruz.

MEXICO CITY, June 2.—Some of the most respectable papers are advising the Spaniards to keep quiet and bear in mind that Mexico is no longer a Spanish colony and that the Cubans have as much right to hold meetings and display patriotism as have the Spaniards. Much excitement was developed yesterterday in the Cuban colony over a report that one of the leaders had sent his seconds to the editor of one of the Spanish papers which had been abusing all Cubans and that the editor would not fight. Dueling is against the law and it is a serious offense to challenge any one. It was stated yesterday that a Spanish officer arrived here to recruit volunteers for Havana, prefering men acclimated to the hot country and proof against yellow fever. Several cases of fellow fever are reported at Vera Cruz, where the weather is extremely hot.

ALONZO WALLING'S TRIAL

Strong Expert Evidence For and Against the Accused Accomplice of Jackson,

NEWPORT, Ky., June 2 .- The trial of Alonzo Walling was resumed yesterday by placing Coroner Tingley on the stand for cross-examination. He claimed that the head was cut off by some one having knowledge of surgery, as the neat manner in which it was done (in the dark) would indicate. Ben Weaver, a soldier at Fort Thomas, was the next witness and he described the surroundings of the scene where the body lay, and also identified some blonde hairs and hairpins found there. Photographer Siarlo testified to having photographed the body at the morgue, and identified the pictures as natural reproductions of the body. Dr. Robert Caruthers, who conducted the autopsy, was called and gave a description of the body. Considerable of this testimony was of a technical character,
During the afternoon the testimony of

medical experts was continued. Much stronger expert evidence that the girl was killed on the spot was obtained than that brought out in the Scott Jackson trial. The mother and sister of the dead girl on the stand yesterday after-noon identifying the girl's clothing maintained perfect control of their feelings, but made a strong impression on

ALEXANDRIA, Ind., June 2.—William thoroughness of preparation and much skill. No stone will be left unturned to insert a belief in the minds of the jury that Pearl Bryan was taken dead to the spot where she was found and beheaded, instead of being killed there. Meantime the prosecution seems to have reliable new evidence corroborating the story of the cabman, George H. Jackson. The defense will put Walling on the stand and a new story of the tragedy is expected from this defendant.

CHINAMAN WEDS A CHRISTIAN.

Miss Georgia Ehlels Becomes the Wife of Ang Ton Wong at Aurora.

AURORA, Ills., June 2 .- An unusual wedding took place at the New England Congregational church of this city. The groom is a Chinaman and the bride a Chicago girl of German parentage, who has been in Aurora since last fall. ang Ton Wong and Miss Georgie Ehleis were united in matrimony by the pastor, Rev. Dr. J. M. Sturtevant. Mr. Ang, who is better known in Aurora by his given name, Ah Wong, is a prosperous laundryman who has made his home in this city many years. In connection with his laundry he conducts a small store, selling Chinese specialties. He has esponsed the Christian religion and would gladly become a citizen of the United States if he could find a court which would issue him naturalization papers.

EXAMINATION OF CADETS.

West Point Cadets Are Being Put to the Test This Week.

WEST POINT, N. Y., June 2 .- The annual June examinations of the four classes of cadets were begun yesterday. The examinations were in engineering, mathematics and French. Late in the afternoon there was a grand review of the corps of cadets and exhibition drill for the members of the board of visitors, only five of whom were present. The others are expected to report today. Superintendent Ernest gave a dinner last evening at his quarters in honor of the official visitors.

This afternoon's military exercises was a cavalry drill upon the plain, which is one of the most interesting and exciting features of all the drills.

TWO NEGROES LYNCHED.

Mob Takes One of Them From the Courtroom During His Trial.

COLUMBUS, Ga., June 2.-Shortly before noon yesterday a mob of 500 armed men broke into the Webster building during the trial of Jesse Slayton, charged with assaulting Mrs. Howard Bryan last Thursday, and took the prisoner from the officers. Slayton's trial had already begun behind locked doors and a heavy armed guard of men were present to protect the prisoner from any demon-In cross-examination, especially of the doors and with a resistless rush swept back the spectators and guards and seized and carried the negro out into the street. A rope was placed around Slayton's neck and he was dragged up Broad street, the crowd shooting at him as they went along. Near the bell tower they swung the negro up and perforated him with bullets.

After this the mob, coolly and deliberately as in the first instance, went immediately to the courthouse and overpowered the jailer, took Will Miles, a negro charged with assaulting Mrs. Albright, two years ago, and marched him slowly to where Slayton's lifeless body was hanging from a tree.

The trembling negro was made to look upon the fate of his brother in crime, then a rope was placed about his neck and he was slowly suspended in the air and his body filled with bullets. The bodies of the two negro brutes were left hanging during the afternoon and a surging mass of humanity was packed around the scene.

CROWN POINT, Ind., June 2.—There | the national presidency. is a possibility of this city having a natural gas well within 30 feet of the courthouse. Yesterday an old artesian Archibald Bruce of Lawrenceburg Sudwell 3,000 feet deep, the deepest well in the state, began to bubble and sizzle, and when a match was thrown in, it burned quite a time. The well was bored several years ago for either water or gas. The first company found not even a flow of water at 2,300 feet, and another company bored down to 3,000 feet and quit. Since that time nothing has been done. Another company will now be organized, it is said to "shoot" the well, as signs of gas have appeared.

KILLING AT LEBANON.

Trouble Arose From the Marriage of a Young Couple on Saturday.

LEBANON, Ind., June 2. - Lebanon was yesterday the scene of another trag-William W. Riley was shot and instantly killed by Thomas F. Allen. The trouble between the men leading to the shooting was the marriage of the son of Allen to the daughter of Riley. On Saturday Harry Allen applied at the clerk's office for a marriage license for himself and Jesse Riley. A young man named Justin Long accompanied him and made the required affidavit. The license was issued and the couple were married by Rev. Mr. Williamson. Later in the day the girl's father entered the clerk's office and abused him for issuing the license, although he admitted the girl was 23 years old. Soon after he met Mr. Allen, the boy's father on the street and challenged him to a duel. but was told by the former that he had no occasion to quarrel and no matter to settle. Riley thereupon warned Allen he would shoot him.

Yesterday as Mr. Allen was coming out of the postoffice Riley was in wait-ing and drew his revolver, telling Allen to defend himself. Riley fired a shot, but missed his man, whereupon Allen drew his revolver and fired four times, three bullets taking effect and Riley dropped dead. Mr. Allen immediately surrendered himself to the sheriff.

THE Third ward fight on a sa loon remonstrance has again started up some silly talk of a boycott of which we hear mutterings. This should be stopped. A boycott always reacts upon its originators. Boycott talk did as much to defeat Tit-Bits

the remonstrance movement in the First ward last December as any one thing. Neither side can afford to try a boycott. It can be made as disagrecable by one faction as by the other but it will fail in the long run no matter by whom it is managed. A boycott is asinine, irregular and un American.

In their questions and complaints about the city council dropping men and reducing expenses the democratic papers should go a trifle further. In the gravel road repair contracts being given out over the county the democratic commissioners have rnthlessly deposed certain democrats who have been in charge but one year. They have continued men on either side of the deposed ones in office some of them two or three years. Why this favoritism. Some of the deposed ones are as good men as there are in the county.

THE Indianapolis Journal says: Any person who has a lump of gold worth at the market price \$20 can take or send it to the United States mint and get a twenty-dollar gold Is the New Methodist Episcopal piece for it, no more and no less. That is free coinage, and under it gold is maintained at par because the bullion in the coin is worth as much as the coin itself. But under free coinage of silver at 16 to 1 the owner of a lump of silver worth at the market price a little more than \$10, could take or send it to the mint and get twenty silver dollars

Those two columns of extracts from the state press printed in the Indianapolis Journal Monday is a deadener on the clique of interested politicians who have been trying to make discord solely for personal advancement. When the country press speaks it always makes an impression.

THE Globe Democrat says the cyclone will not interfere in any way with the Republican National convention. St. Louis is somewhat disfigured, but still equal to the fulfillment of all her pledges in that important matter.

Convention Cail.

The Putnam county delegates to the Judicial convention for the 13th district are hereby called to meet with the Clay county delegates at the mayor's office in Brazil on Saturday, June 6, at two o'clock p. m. for the purpose of nominating a candidate for prosecuting attorney.

Safest Place During a Storm,

"Electric storms are far less dangerous than the majority of people ımagine," writes Edward W. Bok in June Ladies' Home Journal. "That a severe lightning storm is less terrifying admits of no question, and will sometimes bring uneasiness to the heart of the strongest man. But the real danger is slight. The chance of lightning striking a house, for example, is not one in a million. Particularly is this true in cities, strung as most of them are with electric wires. The greatest danger from electric storms is in the country, and even there the danger may be lessened if the simplest and most common sense of precaution be exercised. The surest electric conductor is a draught, and if, when a thunder storm approaches, it is seen that all windows and doors likely to occasion a draught are kept closed, the danger is at once reduced to a minimum. It is a peculiar, but nevertheless a fact, that the oak is the most susceptible of all trees to a current of air. Therefore, the worst possible place of shelter in an electric storm is under an oak tree while, by all odds, the safest place is in a house out of a draught."

THE NEW METHODIST CHURCH AT MORTON

A FINE EDIFICE

Church at Morton.

One of the most beautiful churches in Putnam county is now being built at Morton. It is to take the place of "Old Union" which has been one of the best known and largest country congregations in the county. The new church is located on the north side of the Bainbridge and Rockville gravel road just across from the old church and cemetery. It is a beautiful location, the lot just enough elevated to show the building to the best advantage.

The new building is a modern combination church in the Roman esque style of architecture. A stone trimmings and slate roof. one. Cathedral stained glass will be used throughout the building. Walls and ceiling will be furnished in modern style and frescoed to cor respond with the best quarted oak finishings. The auditorium will have a bolled floor of moderate pitch, and furnished with curved stitution. For forty-six years it seats, and pulpit located in the corner diagonal from the tower en- napolis where its control has been the silver men much, as they knew that Gazette from date of subscript trance. WASHINGTON LETTER

THE LATEST POLITICAL GOSSIP FROM THE CAPITAL.

Interesting Doings of Public Men, and a Dish of Spice Here and There as Seen By Our Special Correspondent-Notes, Incidents, Etc.

WASHINGTON, June 1, 1896.

While no republican in congress contends that the River and Harbor bill which Mr. Cleveland has vetoed and which will this week almost certainly be passed over his veto is a perfect measure, or that any previous bill of its kind was, every republican in both branches of congress will vote to pass the bill over the veto, because they believe it is, taken as a whole, a good measure and that the improvements provided for will mostly, if not all, be good commercial investments. The bill is in line with the system of internal improvements which the republican party has always fostered and believed in. Besides these reasons, the failure of the bill to become a law would result in large losses by reason of the stoppage of many important improvements now under way.

It is now regarded as certain that congress will not be in session later than next Monday or Tuesday, and there is a strong probability that adjournment will take place during the latter part of the present week.

A majority of congress feel reluctant to adjourn without doing something definite for Cuba, but any attempt to do anything would start an indefinite debate which might do more harm than 'The good, with no certainty that anything could be done, anyway.

Senator Squier, as the first step towards the erection of a suitable memorial to Gen. Grant, has introduced a bill providing for the creation of a commission, composed of the secretary of war, the chairman of the House and senate joint committee on the library. and the architect of the capitol. The duties of this commission will be to secure from leading artists and architects, each artist or architect being at liberty to make his own, and the estimated cost of the same. All of these plans are to be reported to congress. After consideration, Senator Squier concluded that this was a better plan than that of a monument to Gen. Grant. He wishes the monument to be the best that can be suggested, and believes the creation of this commission is the best way to

Last evening at the Phi Gam hall the last session of the seminarium of political science was held. Mr. E. S. Meade read the paper of the evening on Protection and Free Trade. It was finely illustrated by the use of charts and was one of 10:30 a. m.—Baccalaureate sermon by the best productions which has been presented during the past year. The entire year's work has been a very profitable one. The first semester the study of the money question was taken up and something of the character of the work done may be inferred by the excellent showing that the debate team made against the team of Indiana university. This semester the subject of taxation has been taken up. The various forms of taxation have been studied with reference to their application in our country at the present time and a great deal of practical good has been attained. Immediately after the paper was read and the usual discussions were engaged in, members of the seminarium with 6:00 p. m.—Dinners and reunions of various classes of the Alumni. Col. Weaver at the seat of honor sat down to an elegant banquet which was given in honor of Col Weaver who had given such excellent satisfaction in his seminarian work, and endeared himself by his personality, scholarship and christian manhood to every member of the seminarium. Claude D. Hall was toast master and opened up the speech making part of the program with an exhibition of his poetic genius. E. S. Meade followed, responding to the toast, "The Value of the Seminarium" showing the excellence of the methods used and their peculiar significance as applying to practical problems. M. L. Daggy responded to "Any Old Thing." In a neat and appropriate speech showed what special benefits were to be derived from work in the seminarium and paid a high tribute to Col. Weaver for the manner in which he had conducted important session in more ways than

V. W. Helm responded to "The Method of the Seminarium" showing the advantages of the semi narium over the other methods employed in many of the departments of other universities and the advantage of such a method over the text book method. F. Kall spoke on "Personality in the Seminarium," dwelling at length on the personality of the various members, showing that each man had his peculiar characteristics and were seen in all of his work in the university as well as in the seminarium. John Walker talked on "A War of Words," showing how discussions oft times led members to take up a subject and investigate it which never before had commanded their attention. Mr. C. D. Royce spoke on "Acquaintances," showing the influence of the various members of the class upon each other when they get side by side and are compelled to maintain the positions

which they hold on the questions of investigation. J. M. House responded in a most appropriate speech to the toast "Col. James Riley Weaver." Although nearly every member in his remarks had paid Col. Weaver a high tribute for the dignity and ability with which he supervised the work, Mr. House won the oratorical honors of the evening in his glowing tribute to The DePauw Weekly board met the work and character of Col. Weaver. After this Col. Weaver took the floor and made a very appropriate speech referring to the individuality of the members and their ability in general and thanked them cordially for the honor and kindness shown him. The evening's program closed with an expression of the wish of the seminarium that Col. Weaver yet enjoy many more years of usefulness, of happiness and prosperity. A splendid menu was served in a most elegant style.

At the semester recital in music hall this evening the following scholars will take part: Misses Grace Allen, Florence Miesse, Elizabeth Lockridge, Ethel Jackson, Myrtle Owen, Elsie Maylor, Jennie Armstrong, Ora Owen, Mrs. Want, Misses Biddle, Byrd, Shermerhorn, Yeoman, Baker, Hawkins, Martin, Wood, Honold, Ulytte and Marie
